

**Genesis Restorations celebrates 20 Years in business!**

**Genesis Restorations is very pleased to announce our 20th Anniversary. Thank you to our valued customers and business partners for your continued support!**

Since 1990 Graham Dick and his Genesis team have been serving the restoration and renovation needs of the Lower Mainland and Fraser Valley.

20 years ago Graham began Genesis Carpet and Upholstery Care as a home based business. It has grown from a small carpet cleaning business to a full service remediation, restoration and construction company with special expertise in water damage, mold remediation, asbestos abatement and bio-decontamination. We have enjoyed the hard work and the challenges of growth through the years. "We have experienced our share of fires, floods, sewers and trauma scenes. We are also experts in restoration for damages arising from marijuana grow operations, clandestine drug labs, bio-hazards, mold, asbestos and odor. As the industry and the world changes, so does Genesis." says Graham.

Now in their 20th year Genesis is again expanding to service the property management and real estate industry with a Building Envelope Renovation department. Genesis is

fully licensed and bonded to perform all aspects of the project including inspection, repair and scheduled maintenance.

Genesis has also been proudly giving back to their community through their support of the Langley Food Bank, Semiahmoo Housing Society and the Ronald McDonald House.

"Genesis Restorations has been donating carpet cleaning services to the Langley Food Bank for the past 20 years. We have been very blessed to have this service on an as needed basis. Whenever we have called in a request for service we have always been treated as though we are one of their best customers. Cleaning services have always been provided promptly and efficiently and the technicians have always provided a professional and quality job. We here at the Langley Food Bank have been very blessed by Graham and his team at Genesis Restorations not only because the donated services has saved us thousands of dollars over the years (or putting up with very dirty carpets) but also by treating us the way they have."George Vandergugten, Langley Food Bank

Graham recognizes the importance of supporting your local business community and utilizes the services of his fellow business owners whenever possible. He is an active member of the Langley Chamber of Commerce where he lives with his wife and three sons.

**The entire Genesis team looks forward to 20 more years of  
creating order from chaos.**
